Question:

- Cannot add Data Type Mappings to Software Component Type
- The dialog No DataTypeMappingSet: No DataTypeMappingSets to configure shows up directly after clicking on the green plus symbol (ADD) in order to get the DataTypeMappingSet selection dialog
- Following the steps provided in ISOLAR-A Getting Started Guide results in unexpected dialog (blocking situation)

Answer:

- Create a Data Type Mapping Set:
  1. In AR Explorer: Expand the AUTOSAR project
  2. Expand Software
  3. On the according ARPackage: click right mouse button
  4. Hover mouse pointer over: Create Data Types > Create Data Type Mapping Sets
  5. Click Elements | Data Type Mapping Set

- Solution for example in ISOLAR-A Getting Started Guide:
  1. In AR Explorer: Expand the AUTOSAR project WiperControl_4x
  2. Expand Software
  3. On the ARPackage WiperControl_100us: click right mouse button
  4. Hover mouse pointer over: Create Data Types > Create Data Type Mapping Sets
  5. Click Elements | Data Type Mapping Set
  6. Press key F2 and rename the newly created Data Type Mapping Set to DTMS_Debug
  7. Repeat steps 3 - 6 two times and name the 2 new Data Type Mapping Sets DTMS_WiperControl_100us and DTMS_WiperControl_2ms
  8. Continue in ISOLAR-A Getting Started Guide on page 22 step 4 "Add the Data Type Mapping Sets under the InternalBehavior..."
